DETAILED ACTION

1. This office action is in response to preliminary amendment filed on 6/22/06.
Claims 1 – 26 are pending on this application.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

For all the claims with XML, replaces "XML" with - - Extensible Markup Language
--

Allowable Subject Matter

3. Claims 1 – 28 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, in addition to other elements in the claim, prior art considered individual or combination does not teach or suggest a method for compressing an XML data, comprising: inserting an indicating data between the block-packed XML data to obtain a compressed XML data, wherein the indicating data is used to identify specific data.

With respect to claim 4, in addition to other elements in the claim, prior art considered individual or combination does not teach a method for compressing an XML data, including: wherein the indicating data is used to identify an specific data; compressing the XML data which contains the indicating data to obtain the compressed XML data.

With respect to claim 8, in addition to other elements in the claim prior art considered individual or combination does not teach a method for decompressing an compressed XML data comprising obtaining said indicating data; discarding the corresponding decompressed XML data according to the indicating data.

With respect to claim 13, in addition to other elements in the claim, prior art considered individual or combination does not teach a method for decompressing a compressed XML data, comprising: wherein the indicating data is used to identify specific data; discarding the corresponding decompressed XML data according to the indicating data.

With respect to claim 17, in addition to other elements in the claim, prior art considered individual or combination does not teach an apparatus for compressing an XML data, comprising: inserting means for inserting the indicating data to between the block-packed XML data to obtain the compressed XML data, wherein the indicating data is used to identify the particular data.

With respect to claim 19, in addition to other elements in the claim, prior art considered individual or combination does not teach or suggest an apparatus for compressing an XML data comprising: wherein the indicating data is used to identify the

specific data; compressing means for compressing the XML data in which the indicating data is inserted to obtain the compressed XML data.

With respect to claim 22, in addition to other elements in the claim, prior art considered individual or combination does not teach or suggest an apparatus for decompressing an compressed XML data, comprising: obtaining said indicating data; discarding means for discarding the corresponding compressed XML data according to the indicating data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact Information

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Linh Van Nguyen whose telephone number is (571) 272-1810. The examiner can normally be reached from 8:30 – 5:00 Monday-Friday. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Rexford Barnie can be reached at (571) 272-7492. The fax phone numbers for the organization where this application or proceeding is assigned are (571-273-8300) for regular communications and (571-273-8300) for After Final communications.
